AB - DE10018519 NOVELTY - A body oil known per se for skin care is used for removing waterproof mascara. It contains caprylic/capric

acid triglycerides, viscous paraffin, isopropyl myristate, fatty alcohol (cetearyl octanoate), jojoba oil, tocopherol acetate, aloe vera, ethyl linoleate, wheat germ oil, bisabolol, retinyl palmitate, sunflower oil, lavender oil, ethereal oils (perfume) and tocopherol.

- DETAILED DESCRIPTION - A body oil known per se for skin care is used for removing waterproof mascara. It contains caprylic/capric acid triglycerides, viscous paraffin, isopropyl myristate, fatty alcohol (cetearyl octanoate), jojoba oil (*Buxus chinensis*), tocopherol acetate, aloe vera (*Aloe Barbadensis*), ethyl linoleate, wheat germ oil (*Triticum Vulgare*), bisabolol, retinyl palmitate, sunflower oil (*Helianthus Annuus*), lavender oil (*Lavandula Angustifolia*), ethereal oils (perfume) and tocopherol.
- USE - The body oil is used for removing waterproof mascara (claimed).
- ADVANTAGE - Existing products for removing waterproof mascara tend to sting the eyes, are not very effective or are expensive. The present body oil is very effective. It is also beneficial to the eyes, rather than stinging them, and also improves the structure and promotes growth of the eyelashes. Fresh mascara can be applied after washing and drying the face.
